**PRELIMINARY PLAN
OUTLINED HERE FOR
BASEBALL CLUB IN
NEW LEAGUE IN '21**

Winning Team Assured if Local
Fans Show Sufficient
Interest.

**CIRCUIT OF SIX CLUBS
DESIRE OF PROMOTERS**

Each Shareholder Would Have
An Equity in the Gen-
eral Fund.

If sufficient interest is shown by
the fans of Albany and Decatur, a
winning baseball team for next year
is assured.

It became known today that prom-
inent local baseball fans are making
preparations to conduct a drive for
\$2,500 to be used as a nucleus for
next year's budget. If the fans re-
spond as they are expected to, the
money will be placed on deposit in a
local bank and a manager will be ob-
tained to line up material for the
1921 season.

It is planned to avoid the necessity
for incorporation of the club by grant-
ing every subscriber an equity in the
general fund. If the team makes a
profit during the year profit will be
returned to the shareholders in the
form of a dividend. The shares in the
fund will be non-assessable in case
the team loses money.

The plan is said to have been con-
sidered fully by local financiers and
approved in every respect.

League Is Desired.
It is the plan of the promoters of
the Albany-Decatur club to form a
league if possible. They realize, it is
stated, that the chances of draw-
ing sustained support from the fans
are much more favorable when a pen-
nant is at stake than when semi-pro
clubs are battling.

Both Sheffield and the Wilson Dam
have ball clubs this year and those
clubs, with the locals, Columbia and
Lawrenceburg, Tenn., with one other
city would compose a fast six-
club circuit. The transportation costs
would not be high and it is believed
here that the clubs would prosper.

"I went up in the mountains last
Sunday afternoon to a place called the

the Ohuian army over the precipice

around this place is about the best
that is on the island and one gets a
view that cannot be equaled anywhere
else. One can stand on some of these

every side and on one side of this
mountain the ground is flat and on the
other it is hilly. Every hillside is
covered with pineapples, coconuts,
bananas and every other kind of trop-

a kind of fruit that grows here that
looks something like a cantaloupe but
grows on a tree and it tastes some-

and it is a very good dessert.

**BODY OF MISSING
NEGRO IS FOUND IN
COTTON PATCH ON
THE TRINITY ROAD**

Inquest Convened Immediately
Over Body of Ernest Bu-
ford by Coroner.

**ONE WITNESS TELLS OF
SHOOTING AND CRIES**

Slain Negro Was Employed by
City of Decatur as Wagon
Driver.

The partially decomposed body of
Ernest Buford, negro, missing since
a mysterious shooting affray Tues-
day night, was found this morning
in a cotton patch on the Trinity road
about two miles from Decatur. The
body showed 15 gunshot wounds and
an inquest was immediately conven-
ed at the scene by Coroner W. M.
Chenault, and many witnesses were
examined in an effort to throw some
light on the mystery.

Jim Eldridge, another negro, also
was reported to have been shot, but
today was reported "unaccounted for."

Willie Simpson, negro, believed to
know something of the affair, is said
to have crossed the river into Lime-
stone County and did not appear at
the inquest today.

According to testimony given this
morning by a white man named
Burns, on whose place the shooting
is said to have occurred, and several
negroes, the time of the affray was
fixed at sometimes before midnight
of Tuesday.

Burns was the first witness exam-
ined by Coroner Chenault. He testi-
fied that he was aroused about twelve
o'clock Tuesday night by Richard
Orr, negro, who said that someone
was hurt near his home, a short dis-
tance from the Burns residence. The
witness stated he went to the scene
but found no trace of the wounded
man. Burns also said he heard
noises, after he reached the scene,
but did not trace them as he "thought
it best to let the case alone as he had
nothing to do with it." He went back
home early Wednesday morning.
Burns denied that he knew anything
of the actual shooting.

Orr was called as the second wit-
ness. He declared Simpson had been
at his home since Monday and was
at his home on Tuesday night. He
said his wife and daughter also were
there. The witness said he was ab-
sent, having come to Decatur to pur-
chase some supplies and didn't know
anything of the shooting until he re-
turned home.

Willie May Brown, Orr's step-child,
was questioned at length regarding
the case. She declared Simpson had
been with her family several days. She
said that on the night of the shoot-
ing he was sitting at a table with her.
About ten o'clock, she testified, she
heard a noise at the chicken house
and asked Simpson to go see what
the trouble was. Simpson, she said,
asked for a gun and she gave him
Orr's shot gun. He then went out,
witness declared, and she heard two
shots fired and several cries. Simp-
son returned to the house, she said,
and told her he thought he had hurt
someone "pretty bad" but didn't know
where they had gone. No search was
made for the wounded men, witness
said.

Buford was employed by the city of
Decatur as a sanitary wagon driver
only a short time ago. His reputa-
tion is said to have been good. The
negro was wounded in the chest and
about the head, the shots penetrating
the lungs causing death.

(International News Service.)
WASHINGTON, Aug. 12.—Secre-
tary of State Colby today telegraphed
to Governor Lowden, of Illinois,
asking for an investigation and a re-
port on recent riots at West Frank-
fort, Ill., which grew out of the
clashes between Americans and fore-
igners. Secretary Colby asked Gov-
ernor Lowden to take every step pos-
sible to protect foreigners.

turned over on the Cahaba bridge, 2
miles north of Toccoa, Ala. The wreck
occurred on the main line of the
Louisville and Nashville.

A bursted wheel was given as the
cause. There were no injuries.
Southbound traffic was delayed 8
hours and northbound 4 hours.

ING NOEL WARREN**

Love Cooper, negro, was placed in
the Morgan County jail this morning
on a charge of stealing a Chevrolet
car owned by Noel Warren, an em-
ployee of the L. & N. Railroad shops.

The car was stolen yesterday af-
ternoon while Mr. Warren was at
work and was recovered this morning
after a hot chase by Phil Humphrey,
popular salesman of the Malone Coal
and Grain Co. Mr. Humphrey head-
ed the negro at the intersection of
railroad and Lafayette streets. The
machine had run out of gas and of-
ficers believed Cooper was trying to
get some money with which he could
obtain enough gasoline to get away
from the Twin Cities. However, Mr.
Humphrey recognized the make, even
though the Chevrolet trade mark and
the number had been removed and
immediately notified Deputy McGut-
hra, who placed Cooper under arrest.

Cooper is also wanted in connection
with the looting of the cafe operated
by Dick Roper which was broken in-
to several months ago. The burglars
got away with a large amount of ma-
zuma and a safe and escaped.

Cooper claimed that he didn't take
the car but he had been given three
dollars by a white man and that he
had been told to wash the car and
return to one of the local hotels. He
was placed in the bastille, however,
when he was unable to produce the
"owner."

League of Nations Hardly Men-

Address

(International News Service.)
CHICAGO, Aug. 12.—Franklin D.
Roosevelt, Democratic nominee for
the vice presidency, left Chicago on
a difficult itinerary which will keep
him speaking continuously for the
next three weeks through the western
part of the country. Several speeches
daily are scheduled.

Roosevelt's opening speech of the
western campaign here last night was
in the nature of a surprise to many
Democratic and Republicans alike.
The league of nations' discredited by
President Wilson and both Gov. Cox
and Senator Harding as the para-
mount issue of the campaign; was
mentioned only once by the nominee.
He addressed himself principally to
the senatorial oligarchy and made an
ardent appeal to the old 1912 pro-
gressives to line up with democracy.

"There has been no change in the
Republican party since 1912," he
said, "the same men are in control."
Roosevelt left here for Waukegan,
Kankakee and Racine, Wis., where he
will make three speeches. Tonight he
will make an address in Milwaukee.
Tomorrow will find him in St. Paul
and Minneapolis.

fice of the United States Marshal
Patrick J. Duane and surrendered.
The complaint charged using the
mails in a scheme to defraud, it was
stated. Ponzi was notified that he
would have to furnish bail of \$25,000.
Ponzi surrendered to the Federal au-
thorities while Attorney General Al-
len was about to ask the municipal
court for a warrant for his arrest.

LONDON, Aug. 12.—Premier Lloyd George today sent a
communication to M. Kameneff, one of the members of the Bol-
sheviki trade mission, regarding the delay in getting armistice
and preliminary peace negotiations started between the Poles and
Russians at Minsk.

(International News Service.)
PARIS, Aug. 12.—France has definitely broken with Great
Britain on the Russian policy, according to all indications today.
The French press generally regards the decision of the French
government to recognize the anti-Bolsheviki de facto government
of General Wrangel as a direct result of Premier Lloyd George's
speech in the house of commons at London on Tuesday.

French officials, who have studied the American note on
Russo-Polish affairs, believe that the United States support the
French decision to give military aid to General Wrangel's anti-
Bolsheviki army. According to Premier Clemenceau's newspaper,
the Homme Libre, General Wrangel will send troops to assist the
Poles in Galicia.

The following Bucharest telegram was printed by the Homme
Libre "Roumania is understood to have consented to allow
General Wrangel to send an army corps through the Bessarabia to
Galicia as a result of allied insistence."

NO CONFLICT WITH U. S.

(International News Service.)
WASHINGTON, Aug. 12.—Re-
cognition of General Wrangel, anti-
Bolsheviki leader by France, does
not in any way conflict with the view
of this government it was stated at
the state department today. While the
manner of recognition of General
Wrangel has not been considered by
this nation, it was strongly intimated
that if the anti-Bolsheviki leader
shows strength and gains the support
of the Russian people, this govern-
ment may consider recognizing him.
No confirmation of the French re-
cognition of General Wrangel has
been received here officially, under
Secretary of State Davis announced.

WAR CLOUDS LOOM

(International News Service.)
LONDON, Aug. 12.—War clouds
again loomed on the horizon today.
A cabinet council was summoned to
consider the decision of France to
sever all relations with the Soviet
government and to throw French sup-
port to the de facto government by
General Wrangel. A wave of alarm
has swept Great Britain as a result of
the unexpected action of France in
breaking away from Premier Lloyd
George's policy of conciliation.
The Westminster Gazette believed
that France will try to prevent Pol-
and from making peace so that the
Soviet armies now operating against
the poles cannot be used for a cam-
paign against General Wrangel.

PREMIERS TO CONFER

(International News Service.)
LONDON, Aug. 12.—The critical
new European situation, resulting
from the decision of France to re-
cognize the anti-Bolsheviki de facto
government of General Wrangel, in
Southern Russia, will be discussed by

Premier Lloyd George and Premier
Millerand at Boulogne Sunday, it was
learned this afternoon. The confer-
ence was hastily arranged after
France had formally notified Great
Britain not only to recognize the
South Russia de facto government but
to give military aid to General Wan-
gel as well.

The line up of the powers is dis-
tributed as follows: Great Britain. De-
mands a free Poland but is willing to
make concessions to the Soviet gov-
ernment as Moscow. France—Hostile
to the Soviet government and will
support the de facto government of
General Wrangel by force of arms.
Italy—Opposed to war or blockade
against Russia. United States—De-
mands a free and independent Poland
and is hostile to the recognition of
the Soviet government. Japan—At-
titude unknown but has recently af-
fected an armistice with the Russian
Bolsheviki in Siberia. Germany—
Future attitude to be dictated by
circumstances. Roumania—Reported
to be ready to go to war against
Soviet Russia. Czechoslovakia—
Is maintaining an attitude of
neutrality but is believed to be ad-
verse to giving military assistance to
Poland, Hungary—Has already of-
fered to go to war with Soviet Russia.

Owing to the crisis in the interna-
tional situation, King George has
postponed his visit to Poland.

Advices from Warsaw said the Rus-
so-Polish parley at Minsk had been
delayed. In the meantime the Rus-
sian army is still moving upon War-
saw and violent fighting is reported
on the Polish front.

Members of the Russian mission in
London refused to make any state-
ment regarding the delay in the Minsk

BUSINESS SHOULD BE HELD TO AN EVEN KEEL

A curious thing in connection with the times is that while nearly every evil is either present or reported to be on the way—business remains surprisingly good.

Despite a general tendency toward a lower market, steel, which is always regarded as the barometer of trade, remains stationary, although the demand for steel has never grown any less, but stronger. Should the dealers and makers of all the other staple commodities likewise hold their products to an even keel business conditions will get better instead of worse. With the increase in freight rates a temptation will arise to start once more the operation of the "vicious circle." When the freight bill becomes five instead of four dollars a kind of enlarged spirit of thrift is apt to take possession of a few dealers and cause them to enter the profiteering game once more.

The disposition to gouge a little while the gouging is good, if followed, will result finally in disaster of all concerned. Those who have received increased wages will not feel the increase, while those who have gotten no increase will be left in worse shape than ever before. Any action calculated to raise the standards of living costs beyond what is absolutely necessary on account of increased freights can best be described by the word—criminal.

To take a look at the past, as far back as the beginning of the great war, it would not seem that the increased freight rates then made, can possibly account for the overwhelming rise in prices, according to the following figures:

Before the European war it cost 16 1-2 cents to ship a suit of clothes from Chicago to Los Angeles. Now the freight is 5 1-2 cents more. If the suit then retailed for \$30, it now retails for \$35 or \$40. Freight on shoes, Boston to Florida, is less than six cents a pair. On beef, Chicago to New York, it is about two-thirds of a cent per pound. A five-ounce shirt, New York to New Orleans, costs five mills freight, as against four mills before the war. Former retail price of shirt, \$1.50; present price, \$3.50. Freight on a three-pound pair of shoes, Boston to Atlanta, now five cents, before the war, four cents. If the shoes cost \$7 then, they are now priced \$12, at least. A pound of beef, Chicago to Birmingham, before the war six mills, now eight mills. Former retail price, 20 cents, now 35 cents or more. A pound of sugar, New Orleans to Greensboro, six mills freight now, formerly five mills. Former price of sugar around five cents; what is it now?

Sugar was quoted at wholesale for 22 1/2 cents as late as Saturday night of last week. While this price is lower than for some time, it would seem still too high to be accounted for by the increases in freight rates to any considerable degree. Diligent inquiry on the part of the buying public, will have a salutary influence on market prices of things in the future, and remove to a large extent the temptations to profiteer which the new raise in freight rates is sure to offer.

"STRUTTED AND FRETTER"

When James O'Neil, one of the great actors of his time, was laid to rest one of the "old guard" passed by his reward. At 70 years of age he laid down the burdens, after giving to thousands the pleasures incident to the genius that God had given him, and he will be sadly missed.

SLOW DEATH

Who of the play-goers of several generations but will remember his superb characterization of Edmund Dantes, the "Count of Monte Cristo"? Who of these but will recall the wonderful utterance of "The World is Mine" with all of the fire and action of the great actor on this scene from the dungeons. As the poor sailor who was made to suffer untold agonies by unscrupulous enemies and his merciless wreaking of vengeance, after having power, position and money, was but the carrying out of the law of retribution.

In his peculiar style of dramatic impersonation James O'Neil had no equal and it will probably be a long time before the world will produce an artist that in magnificence of presence, physique, diction and ability to impressively "put the lines over".

To those who were privileged to witness the performance of this gifted man, his portrayals stand out as masterpieces, so rarely now seen upon the speaking stage.

LET US GIVE HONOR WHERE HONOR IS DUE

How soon we forget! The body of an American soldier was brought home to Birmingham for burial. He marched through cheering crowds and died nobly in the service of his country. When he came back in a government coffin, only one person received his body. Four women, one male relative, the pallbearers, who had to be pressed into service, and the undertaker constituted the funeral cortege of a hero.

The Rev. Frank Farrington, who preached the funeral sermon for Ernest Holden, aptly chose as his subject, "The Fallen Star." "Where was the American Legion," he asks, "made up of comrades of the dead boy? Where were the Red Cross, the Y. M. C. A., and the many other war-work organizations? They were not represented."

And he might have asked, "Where were a tenth or a hundredth of the people who once thought nothing was too good for a soldier?" This unfortunate boy seems to have had few relatives interested in his fate and no friends to do him honor or mourn his end.

From time to time the bodies of other soldiers will be returned to Birmingham. A repetition of the pathetic funeral of Ernest Holden will show that we have indeed forgotten. —Birmingham Age-Herald.

AMERICANS LEAVE

(International News Service)
LONDON, August 12. — Virtually all of the members of the American colony at Warsaw have now evacuated the city, said a dispatch from the Polish capital to the Manchester Guardian today.

Candidate Has Wide Experience

A. S. Grubbs, who announces in this issue for the office of Chief of Police of Albany, served on this city force two years. He was a deputy sheriff under R. N. McCulloch and also under J. A. Foreman and for one and one-half years in the government service. For three and one-half years he was a Texas Ranger, and fifteen months a deputy sheriff in Texas, was two years on the Dennison, Texas, police force and elected on the Dallas, Texas, force but resigned to undertake railroad work. Mr. Grubbs has had a wide experience as an officer, enjoys much personal popularity, and his friends predict he will be in the forefront on election day.

**What Is There Left For Essex to Prove**

Note the Range of its Nation-Wide Performances All Made in One Week

These performances show what to expect of the Essex you will get.

They are not a surprise to the more than 40,000 Essex owners, although their equal in so many instances was never shown by any other car.

Some of the hardest tests were made by Essex cars that had already traveled over 35,000 miles—equivalent to 7 years of average driving.

Some were on original tires that had done from 15,000 to 20,000 miles.

Many were owner cars—owner driven—taken without special preparation from their ordinary day to day work, to break the speed, reliability and economy marks of their localities.

Women piloted some of the runs that showed as high as 28 miles to the gallon of gasoline. They set new marks for fast time over long distance driving where men with many cars hesitate to venture. Is there any important car quality left for Essex to prove?

ECONOMY

With 49 cars in every type of performance of from 5 to 72 miles per hour and over all kinds of roads the average was 18.9 miles per gallon.

24 cars were sent on an average 216-mile economy run in Connecticut, some over mountains and others on a level course, averaging 18.7 miles per gallon. One car with 35,000 miles service averaged 21.2 miles per gallon.

A Hastings, Neb. woman drove 109 miles to Lincoln averaging 28 miles per gallon.

Four women drove from Los Angeles to San Francisco and return averaging 22.3 miles per gallon and another Essex made the round trip between the two cities, 846 miles, with an average of 23 miles per gallon.

RELIABILITY

Reliability which is a larger factor in car economy than even gasoline mileage, was proven in every locality in non-stop motor performances and in long distance inter-city runs. An Essex which had seen 16,000 miles service was driven from Columbus, Ohio to Washington, D. C., 403 miles, in 11 hours, 40 minutes.

Another Essex that had set the best time between Boston and Fort Kent, on the Canadian Border, made four round trips within a week, totaling 4,052 miles.

An Essex which had previously gone 28,000 miles made a round trip between San Francisco and Los Angeles over a route of grades and mountain passes, frequently far from water supply, with its gear shift levers, hood and radiator all sealed. It averaged 22.8 miles per gallon.

Literally hundreds of tests like these were made in all parts of the country. What they reveal is exactly what you may expect from the Essex you buy. Can you place equal confidence in any car that has not so vividly established its performance?

SPEED

The inter-city records for time in nearly all localities are now held by Essex.

From Buffalo, N. Y. to Rochester the distance is 88 miles. An Essex did it in 80 minutes.

The St. Louis to Kansas City record, 303 miles was taken by Essex in 10 hours, 17 minutes. Another Essex went from Yakima, Wash. to Seattle, 180.1 miles over Cascade Mountains in 4 hours, 56 minutes, lowering the railroad time by 1 hour, 44 minutes.

HILL-CLIMBS

In every section Essex set new performance marks on the most difficult hills.

The Rim O' the World in California, a climb of nearly 5,000 feet in 8.3 miles over mountain roads, was made in 17 minutes, 23 seconds, beating all previous records.

The 31st Street hill in Washington, D. C. was climbed by an Essex on high. No other car had done that. And on the Tilden Street hill an Essex went over the top at 51 miles per hour and the same car towed a 6-ton truck with load 16 blocks up hill.

NON-STOP MOTORS

At many points non-stop motor performances were made during which the car was for a greater time used in country and inter-city running. No attempt was made at speed but in no case was the motor stopped during the period of test. Scores of cities saw the Essex in constant operation for 144 hours. At one point a two weeks test—336 hours—was made of a motor in constant operation.

My days among the dead are passed.
Around me I behold.Where'er these casual eyes are cast,
The mighty minds of old;My never-failing friends are they
With whom I converse night and day.With them I take delight in weal
And seek relief in woe.And while I understand and feel
How much to them I owe,My cheeks have often been bedewed
With tears of thoughtful gratitude.My thoughts are with the dead. With
themI live in long-past years,
Their virtues love, their faults condemn.Partake their griefs and fears,
And from their sober lessons findInstructions with a humble mind.
My hopes are with the dead. Anon.With them my place will be,
And with them shall travel onThrough all futurity.
Yet leaving here a name, I trust

Which will not perish in the dust.

trip."

AMUSEMENTS

WILLIAM FARNUM DUE IN NEW WESTERN PLAY

That popular idol of the screen, Wil-
liam Farnum, is coming to the Prin-
cess Theatre next Friday in his latest
William Fox production, "The Or-
phan," a stirring story of the West,
written by Clarence E. Mulford.

In "The Orphan" Mr. Farnum has
one of the most powerful roles of his
career, according to advance reports.
He is cast as an outlaw hated and
feared more violently by the cow-
punchers than anyone known to the
little town of Ford's Station. It is
said that Mr. Farnum puts tremen-
dous dash, vigor and fire into this pow-
erful story of the days of bandits and
Indians and stagecoach holdups.

Mr. Farnum appears as The Orphan,
a victim of misfortune and circum-
stance, who has been accused of com-
mitting numerous crimes, the worst of
which were not of his doing. How he
gains the friendship of the Sheriff—
who has gone out to capture him—
and subsequently makes a new start
in life after winning the love of a
beautiful girl, is told in the devel-
opment of a plot which, it is de-
clared, never has been surpassed by
any in which Farnum has figured
on the screen.

The support includes the beautiful
Louise Lovely, Henry J. Hebert, G.
Raymond Nye, Olive White, George
Nichols, Earl Crain, Harry De Vere,
Al. Fremont and Carrie Clark Ward.
J. Gordon Edwards directed the pic-
ture.

PONZI MAY TALK TO KIWANIS AT MEETING TONIGHT

Charles Ponzi, Boston financial wiz-
ard, may talk to the local Kiwanis
club tonight. Hearing that Mr. Ponzi
was en route from his home in Boston
to his old home in Mobile to speak to
the Kiwanis club of that city Satur-
day, local Kiwanis officials wired the
Mobile club to request Mr. Ponzi to
stop here tonight. The meeting will
be held at 7 o'clock at the Y. M. C. A.

The financier delivered an address
to the Kiwanis club, of Boston, last
week. He made a fortune within a
few years through the medium of In-
ternational Reply coupons. He lived
in Mobile before his removal to Bos-
ton.

This afternoon it was announced
by an official of the Kiwanis club that
the Mobile organization had gotten
into communication with Mr. Ponzi
and requested him to stop here.

role of the princess, while Edward J.
Le Saint, the director, has made a
picture filled with the charm of Ori-
ental atmosphere.

Heat Saps Power; Store up Energy

Keep digestion perfect with Dr.
Caldwell's Syrup Pepsin and you
will have strength to work

SUMMER is the season of vaca-
tions, of slowing up in work.
And there is a good reason for it. Heat
is enervating and work quickly tires.
But people must work, and we should
all keep ourselves in such fine physical
condition that we can do our share
even in hot weather.

Of first importance is to see that there
is a regular, daily bowel elimination. If
you skip a day you are constipated.
Constipation, especially in summer, is
quickly followed by fatigue, loss of
appetite, chills and colds. There is no
energy for work.

When you feel constipated and out of
sorts, more tired than you know the
circumstances warrant, take a spoonful
of Dr. Caldwell's Syrup Pepsin. This
delightful laxative-tonic is a combina-
tion of simple laxative herbs with pepsin
and can be bought at any drug store.

Syrup Pepsin will quickly relieve
your constipation and give you a feeling
of lightness and clear headedness.

FREE Millions of people of all ages suffer from occasional or
chronic constipation. Let them send name and address
to Dr. W. B. Caldwell, 512 Washington St., Monticello,
Ill., for a free sample bottle of his wonderful Syrup Pepsin.
8 million bottles were bought at drug stores last year, the largest sale in the world.

Mr. Walter of 441 Minnie St., San Fran-
cisco, had to quit work because of con-
stipation, colds and a train of other ills.
He took Dr. Caldwell's Syrup Pepsin
and promptly recovered his health and
strength and is now at work again.

You will make no mistake getting
yourself a bottle of Syrup Pepsin and
taking a little at the first sign of
constipation.

CHINESE WOMEN SHAKE OFF OLD CUSTOMS; MODERN NOW

Sir Henry Jordan Tells of "New" China, Its Pro-
gressiveness and the Chance in Its Fem-
inity—Says Celestial Likes U.
S. Better Than Britain.

By International News Service in an interview with
SIR HENRY JORDAN.

LONDON, Aug. 12.—"I do not know why writers of fiction should be so fond of portraying the Chinaman as a person with evil qualities, who is able to control his emotions so well that by means of a bland expression on his face he can completely hide his real feelings.

"The belief that every Chinaman possesses this power may be picturesque, but it is none the less incorrect. The inscrutability of the Chinaman is a myth.

"He is just as sociable, good-tempered, generous as the rest of us. He works hard, is intelligent and honorable, and has a great capacity for friendship. In short, he is a very human being.

"After all, human nature is pretty much the same everywhere, and the Chinaman is very little different from any of us.

"I know him well, and he is no more inscrutable than the rest of us are to one another, for we do not wear our hearts on our sleeves. The Chinaman is far more like us than many Europeans, and only the language barrier leads to misconception. You cannot get to know any man unless you know his language or he knows yours.

"The Chinaman is very fair. He makes a lot of allowances for us. If he visits our country—I am speaking, of course, of the educated class—he is chilled by our exclusiveness, for we are certainly not as sympathetic toward our Eastern friends as we might be.

"He has always found Americans more sympathetic. They introduce

cult to deal with the ladies than the general government of the country.

"Today, however, the women, instead of hindering progress, are endeavoring to expedite it by all means in their power. They have not yet taken any part in the government, but they are deeply interested in politics and women's right, and they take part in numerous street demonstrations. They are not violent, but they are very much in earnest, and I have no doubt they will play their part eventually in the pronounced 'public opinion' that is now being developed in China.

"It is interesting to note that China has her lady doctors, some of whom are said to be very good surgeons. They work principally in the missions and Government hospitals, and their education has been gained in Europe or America.

"Of course, although conditions have changed so much, it should be remembered that China has always had distinguished women.

"The late Empress-Dowager was a wonderful woman, who impressed everyone by her personality and worth.

"Very gracious, and with a thorough knowledge of her people, the Empress issued decrees which were respected throughout the length and breadth of the land. She knew the country remarkably well, and from her girlhood exercised a great influence.

"During her lifetime she held China together, and it was only after her death that the Government collapsed.

"Nowadays the country goes on without a government, and the fortunate thing is that China does not require one very much. The people govern themselves."

CHRIST, THE LIVING EXAMPLE, SUBJECT

The series of sermons being preached by Rev. Grover C. Walker at the First Baptist church revival are on the "Christian Life." To night the third of the series will be preached by Rev. Walker, and his subject will be "Christ, the Living Example."

Last night, the services were encouraging, though the attendance was not so large as expected on account of rain falling near church time, and the fact that the regular mid week prayer meetings of the neighboring churches were held. An attractive feature of the meeting was a duet "O Morning Land," sung by Mr. and Mrs. B. B. Pickens.

The congregational singing was inspiring as led by E. A. Henry.

Dr. Chas. C. Davison, the pastor, made a few preliminary remarks, after which Rev. Walker took as his text the words "Except a man be born again, he cannot see the kingdom of God." In opening Mr. Walker made it plain that there must be a definite change from Nature to Grace, if the Christian life is entered. He said that it was the work of the Holy Spirit alone that made possible this change; that while there was no knowing just how the change came, any more than we know how the wind blows, still we do know from evidence that this spiritual change actually comes about in the lives of many people.

It was shown that Christ is the center around which the mysteries of the new birth cling. The preacher said, however, that Christ did not content Himself with mysteries, but that Himself made the new life a reality by coming to earth, and living and dying that others should partake of it.

It was shown that the scripture was clear on the doctrine that it is Christ's life lived by believers that differentiates them from non-believers.

St. Paul's claim "Never the less, not

tion when you can get relief from Bricky Ash Bitters. It eases pain and drives out badly digested food. One dose does the work. Try it. Price \$1.25 per bottle. Sold by all druggists.—Advertiser.

but Christ liveth in me" was cited in support of the necessity of the divine life within. No good impulse comes from Satan, according to Rev. Walker.

He said that all good was in direct opposition to the plans of Satan's Kingdom.

"Because good impulses come from God," said the speaker, "we should cherish them as beyond price. And since the only way to keep good impulses, is to act upon them we should put into deeds, the good thoughts that come to us."

In his concluding remarks the preacher pointed out that in Christ alone, could the Christian have hope, and that without Him, all people are most miserable.

BUILDING A SKYLIGHT

of tin, galvanized iron, copper, zinc or other sheet metal is one of our special jobs in which we take great pride. If you could go up in an air plane and see the skylights on the roofs of this city, you would see many of our make. We also build to order complete roofs, pipes, gutters, cornices, eaves, fronts, etc.

The Big Cooking
Demonstration and Sale!

This is your last chance to take advantage of the amazing "Demonstration Sale of the famous "Red Star" oil range.

Come in and see why you can roast, fry or bake anything as perfectly on this famous stove as on the finest city gas range.

RED STAR
Detroit Motor Oil Sales

The "Red Star" is different than ordinary oil-burning stoves. It is really a gas stove. Because the patented, double ring flame burner generates its own gas from kerosene, gasoline or distillate. It produces an intense heat. Uses no wicks or asbestos rings, consumes every trace of odor or smoke.

The "Red Star" is safe, economical, sanitary, efficient and beautiful.

Come Today!

It costs you nothing to see a demonstration. But the Demonstration Sale closes tomorrow.

PORCH SHADES
Made Under Patent License

Are the Best Shades Made for the Following Reasons:

COOLMOR Porch Shades make your porch cool and comfortable.

COOLMOR Porch Shades give you extreme seclusion.

COOLMOR Porch Shades "permit you to see out but outsiders cannot see in."

COOLMOR Porch Shades make a sleeping porch of an ordinary porch at a very slight expense.

COOLMOR WIND-SAFE PORCH SHADES are the only porch shades that are made with a wind slat alternated with a narrow slat. This patented weave is the ideal construction. It gives all the ventilation desired, which is not possible with "all wide slat" shades—and at the same time thoroughly shades the porch.

Shirt Salesman Given Freedom

Johnny House, 15, was freed this afternoon after being a guest at the Morgan County jail for the past week.

House was charged with "unprofitable" when he was alleged to have sold several silk shirts at about \$2.00 each. House couldn't be held any longer on account of lack of evidence in the case.

The youngster at first was suspected of being one of the burglars who broke into the wholesale establishment of W. H. Aycock and Sons.

It was later found that the merchandise he was "retailing" was not the make sold by the local firm. House was arrested about four miles north of Albany-Decatur at Harris Station by the local officers and through the aid of the employee of the L. & N. Railroad at the Harris Station depot.

FRIEND INDUCED HIM TO TRY DRECO

Anniston man declares that he has overcome bad case of stomach trouble, indigestion and constipation, with Dreco.

"I think the new medicine Dreco is the grandest medicine I ever saw for stomach trouble and constipation," declared Mr. D. T. Carter, of 405 Pine St., Anniston, Ala. Mr. Carter has been at the Kilby Car and Foundry Co. for many years and is well known and highly respected by all who know him.

"I suffered every day from gas in my stomach after meals. My food soured and would bloat me up awful, and it felt like I was burning up in my stomach. I often belch up water as hot as fire, and I could not enjoy my meals on account of this trouble. My liver was also in bad shape, and I'd get so dizzy I'd have to stop work, and lay down until I've have taken pills or salts or something of the kind regularly.

"A friend working here in the shop got me to try Dreco, as it had helped him so much. It sure has done me worlds of good too. I can now eat all I want and never have that gas to bother me nor a headache. I have not had a single dizzy spell since I started to take Dreco, neither have I had to take any medicine to work my bowels, for Dreco has made them as regular as clockwork. I can't say enough in praise of this great root and herb medicine. It is simply fine."

All druggists now sell Dreco and it is being especially introduced in Albany by Albany Drug Co., in Decatur by Hilda Drug Co.—Adv.
